**Origami Risk**

AI-powered claims optimization for risk managers and claims professionals

Seamless integration between CLARA Analytics' cutting-edge AI solutions and Origami Risk provides game-changing capabilities for improving workers' compensation, general liability, and commercial auto claims outcomes.

Benefits of CLARA and Origami Risk integration

Bi-directional integration drives AI adoption, transforms your claims-handling processes, and helps reduce losses — all while meeting SOC2 and HIPAA standards for security and compliance.

1 **Accelerate AI adoption:** Reduce administrative burdens by incorporating AI technologies into your operations, workflows, and decision-making processes

2 **Improve claims management:** Identify high-risk claims, optimize medical outcomes, and expedite resolution

3 **Reduce costs:** Provide claims guidance to limit legal expenses and claim losses, generally resulting in 2–5% cost reduction

Integration support, expedited time-to-value

CLARA integration with Origami Risk ensures a fast, frictionless path to harness AI's power in enhancing your claims processes.

☑ **Rapid implementation:** Existing Origami clients with claims data in the platform can see integrations deploy in as soon as a few weeks

☑ **Streamlined onboarding:** Sidestep typical integration hurdles to start realizing ROI quickly

☑ **Dedicated support:** Clients partner with a CLARA success manager to guide onboarding, drive adoption strategies, and quantify ROI gains

origamirisk.com
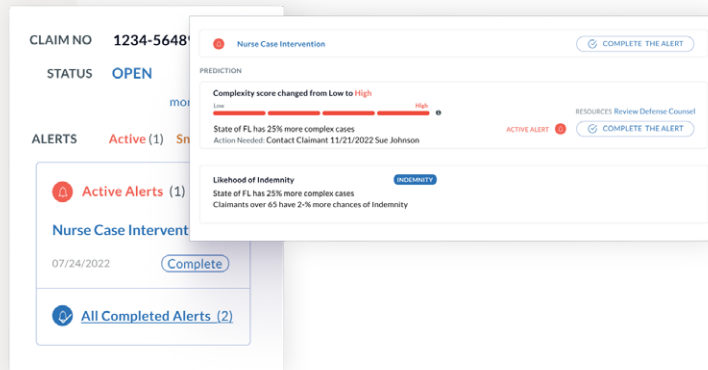

CLARAty.ai platform capabilities

CLARATY.ai uses machine learning, predictive AI, natural language processing (NLP), and generative AI (GenAI) to analyze structured and unstructured data types — claim data, billing data, medical records, and legal demands — to power comprehensive insights.

Available CLARA and Origami Risk integrations

CLARA Triage

Spot potentially costly claims early and take action to lower indemnity days paid.

- Expedite simple claims
- Monitor complex claims before they escalate
- Adjust resources to optimize team workload
- Identify risk trends

CLARA Claims DocIntel Pro (formerly CLARA Optics)

Scan and analyze claim documents to ensure important details aren't overlooked.

- Quickly respond to changes
- Proactively manage claims
- Reduce time to review claims
- Extract key medical information

CLARA Treatment

Identifies doctors consistently associated with positive outcomes on prior claims.

- Direct care using provider search and scoring
- Receive surgery and opioid predictive alerts
- Optimize your medical provider network

CLARA Litigation

Detects the drivers of escalations and delivers actionable recommendations that reduce attorney involvement and litigation rates.

- Avoid litigation
- Pair the right attorney with the right claim

About Origami Risk

Origami Risk empowers leaders in insurance, risk, and safety with a purpose-built, cloud-native platform that optimizes workflows for better data, better insights, and better collaboration. Through highly configurable solutions integrated on a single platform, Origami Risk supports the management of the full lifecycle of risk, from prevention to recovery — helping the experts reduce harm and loss, and respond more rapidly and effectively when it happens. Grounded in continuous innovation and a foundational focus on client success, Origami Risk is trusted by leading organizations to enable greater resilience as they build for the future.
