

Fully-Integrated Claims Administration

From submission to final settlement, **Origami Risk provides scalable, cloud-based claims administration software** for digitizing the entire claim life cycle for all P&C lines of business. Leverage a **powerful platform of robust AI and automation tools**, configurable dashboards, advanced analytics, and digital engagement capabilities to delight customers, ensure compliance, inform decisions, and collaborate for optimal claims outcomes.

Reduce Claim Adjudication Costs

Origami Risk streamlines workflows like **claims summary using AI**, and automates tasks to allow you to prioritize and assign claims effectively. This **reduces adjudication expenses** and frees staff for more critical activities, driving down expenses and improving loss ratios.

Enhance Adjuster and Staff Efficiency

Always know precisely where a claim is in the process. Origami Risk provides **meticulous documentation of interactions**, regardless of the channel, to ensure that key details are not only captured, but **made actionable**.

Improve Policyholder Satisfaction

Deliver **exceptional claimant experiences** with a host of integrations that support return-to-work, digital payments, and more. **Effective communication tools** keep everyone informed, aligned, and satisfied.
